

PROYECTO

The diagram illustrates an urban planning concept. It features a grid of streets with a central green corridor. A circular callout on the left, labeled 'PROYECTO', highlights a specific area within this corridor. A circular callout on the right, labeled 'NODO', highlights a specific intersection or node. Two thick orange lines connect the 'PROYECTO' area to the 'NODO' area, indicating a flow or relationship between them. The background shows a detailed street grid with various lot sizes and building footprints.

NODO
